### UNIFORM SHOP SCHOOL HOLIDAY OPENING HOURS

The Uniform Shop will be open on the following days during the school holidays in January 2018:

- Monday 22 January to Thursday 25 January: 8.00am-4.00pm
- Monday 29 January: 8.00am-4.00pm
- Tuesday 30 January and Wednesday 31 January: 8.00am-12.00pm
- Friday 2 February: 8.00am-12.00pm

Normal trading hours will resume in Term 1 Week 2, 2018 ie. Mondays: 11.30am-3.30pm and Fridays: 8.00am-12.00pm.

### P&C MEETING DATES FOR 2017

**Term 4:** 28 November - followed by AGM 7.30pm in the School Library

All parents and caregivers are most welcome to attend these meetings, which provide the wider school community with a forum for discussion as we work together with staff to sustain and further develop the best possible learning environment for our students.

The discussions are complemented by presentations from staff, focusing on various aspects of education and, in particular, what is on offer at Pennant Hills High School.

### ‘PENNO’ PRAYER MEETING

Mums, Dads and Grandparents, come and join us as we pray for ‘Penno’ staff and students.

1st, 3rd and 5th Friday of each month during term from 9.00am to 9.45am. Please meet at Public Reception.

Enquiries: Kim Allan on 0410 548 350
PRINCIPAL’S REPORT

We are hurtling toward the conclusion of the academic year for 2017 and the last fortnight has been an extremely busy one in the life of Pennant Hills High School.

Schools Spectacular - Own the Moment

Last weekend saw our students perform in the Schools Spectacular - Own the Moment at Qudos Bank Arena.

For the first time, students from our Support Unit who successfully auditioned, were a part of the largest D’Arts Ensemble ever assembled.

Our school choir was also part of the massed student choir who, not only provided a magnificent back drop, but great richness of sound for all the performances.

We also had seven students, as part of the Millennium Marching Band, take over the arena to entertain the audience with some very clever choreography during the interval break.

Congratulations to all the students involved for their hard work during rehearsals and for such polished performances. I would also like to acknowledge the huge contribution made by our hard working staff: Mrs Clements, Ms Haines, Mrs Coomber, Mrs Blarasin and her student teacher Amy, Mrs Bell and Mrs Heywood who have supported our students throughout the auditions, rehearsals and performances. Thank you for the dedication and commitment you have given for the benefit of our children. Many thanks also to Mrs Lawless, our parent helper, for accompanying our Support Unit to the performances.

Now I hear you say - "what a shame I didn’t get to see it live" - well the good news is that it was recorded by Channel 7 and is scheduled to be televised on Saturday 16 December 2017.

ANZAC Memorial Scholarship

As you would remember from our newsletter published in Week 2 of this term, our school was selected to participate in the Premier’s Anzac Memorial Scholarship. This is a very prestigious scholarship and a wonderful opportunity for one of our students to travel to some of the battlefields and museums in Belgium and France that are relevant to World War I.

Students were asked to present to a panel, in any form of their choosing, a representation of what ANZAC meant to them. We were overwhelmed by the quality of the submissions and the breadth of mediums with which students chose to communicate their thoughts and feelings. There were written submissions, poetry, artworks and video presentations.

After the preliminary panel deliberated, three finalists were selected to present their work to another panel that included Mr Terry James, a Vietnam Veteran from Hornsby RSL Sub Branch, Mr Niccol, Head Teacher HSIE and organiser of the Scholarship application, a parent representative and myself. They were Year 9 students Meena and Alexandra, and Year 10 student Matthew.

We spoke about the significance of their work and at the conclusion of the interviews, had the very difficult task of making the final recommendation to the Department of Veteran’s Affairs. Mr James commented on the high quality of the submissions remarking that all three works were "faultless".

It is with great pleasure that I am able to announce that Year 10 student Matthew has been selected as the recipient of this prestigious scholarship through the Department of Veteran’s Affairs. Here is the link to Matthew’s submission: https://youtu.be/fxdtLJrCVNg

I know once you view his piece, you will all agree with me that he is a most worthy winner of the Scholarship and an impressive documentary maker.

On behalf of our whole school community I congratulate Matthew on his outstanding work and wish him all the best on his adventure to the battlefields next year. We look forward to hearing about his travels when he returns.

Orientation Day and Presentation Day

Tuesday 5 December 2017 will see us welcome our 2018 Year 7 cohort. Our Peer Support Leaders have been working hard alongside Ms Graves-Browne and Ms Greer to prepare for the appropriate Penno welcome to our new students and parents.

On Wednesday 6 December, we will celebrate the highlight of our academic year with our annual Presentation Evening. I am looking forward to recognising and celebrating the significant achievement of our students.

P&C AGM

Last Tuesday, the P&C held its Annual General Meeting (AGM). Thank you to the entire outgoing Executive Committee for their commitment and devotion to improving our school for all students in 2017.

In particular thank you to Mr Ross Knight for his huge contribution to the P&C and in particular for his role as President for the last two years. His enthusiasm and dedication to our school has been invaluable not to mention the huge support he provided to me when I arrived as the new Principal.

The Executive team for 2018 was also elected on Tuesday night. They are:

President: Mr Malcolm North
Secretary: Mrs Jacquelyn Hellstrom
Vice Presidents: Mrs Leith Lawless and Mr Oliver Ridler
Treasurer: Mr Peter Fullerton
Executive Committee: Mrs Lyndall Chamberlain, Mrs Linda Farr, Mrs Tamara Filer, Ms Cathy Houston, Mrs Margo Leggott, Mr Greg Middleton and Ms Natasha Steele.

I look forward to working with the new committee in 2018.

School Reports

Our Semester 2 School Reports for Years 7-10 are almost completed and will be available through the Parent Portal on Tuesday 12 December 2017 from 5.00pm.

Ross Warren, Principal
School Travel Advice

For trip planning visit www.transportnsw.info or call 131 500.
For current Hillsbus school and route services visit www.cdbus.com.au or call 02 8889 7000.

Conditions of Carriage: Students must have a valid Opal card, term pass or pay a cash fare. Students must tap on and off every trip. Further details about the SSTS are available at: www.transportnsw.info

Update: 09 November 2017
THINKING ABOUT BYOD FOR 2018

The Bring Your Own Device (BYOD) program is a NSW Department of Education (DoE) initiative which encourages students to bring their own computing devices to use for educational purposes in the school.

Pennant Hills High School has adopted this program as it allows teachers to vary the structure of a lesson to cater for the learning styles of individual students and increase engagement in the classroom. We do not dictate what devices should be purchased. Instead, we give you freedom to make technology choices that suit you and all your circumstances.

The purchase of a device is a major decision and a significant expense. A good quality device may last from Year 7 to Year 10 and, viewed over four years, the expense is relatively less. Pennant Hills High School has taken strides to integrate device use into many aspects of teaching and learning. Your investment allows the school to maximise learning outcomes for all students.

When looking for a BYOD device to purchase, remember there are minimum specifications that the devices must meet to be compatible to the DoE wireless system and to give maximum educational value. These specifications include being 5 Ghz wireless N compatible, having a battery life of at least 6 hours, light enough for the student to cope with carrying the device around and having a screen size that allows clear and easy viewing.

There is free software available for all students of the DoE. This includes Microsoft Office 2016 (for 1 device), Microsoft Office 365 (for 5 devices) and Adobe CC Design Edition (which includes Photoshop for 1 device). All software is available through the DoE portal and requires your DoE email. The software is generally available for both Windows and Mac operating systems and yours to use for the duration of your school life.

<table>
<thead>
<tr>
<th>Wireless Connectivity</th>
<th>Operating System</th>
</tr>
</thead>
<tbody>
<tr>
<td>Devices must support 5GHz 802.11n wireless. (This may be advertised as “802.11abgn”, “dual band wireless”, “802.11ac” or 802.11agn.)</td>
<td>To ensure the latest programs and software are compatible, it is recommended that the device have the current or previous version operating system. E.g. Windows 10 or Windows 7, Mac OS 10.11 or Mac OS 10.12.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Battery Life</th>
<th>Memory and RAM</th>
</tr>
</thead>
<tbody>
<tr>
<td>Devices need to last the whole school day; it is recommended that the device have a minimum of 6 hours battery life.</td>
<td>The minimum RAM and storage recommended is 4Gb RAM and 128Gb storage.</td>
</tr>
</tbody>

</table>
| Ensure that the screen is sufficient to enable use throughout a school day. Minimum: 9” (23cm) Maximum: 14” (38cm) | - Maximum weight: 2.0 kg  
- Camera and microphone  
- Tough and sturdy construction (case, keyboard, etc.)  
- Additional Warranty above the standard 1 year  
- Accidental loss and breakage insurance  
- Security software (Anti-virus, tracking etc.)  
- Cloud or USB based backup  
- Carry case or skin for device protection. |
EXPERIMENTING WITH SCIENCE

This has been an exciting semester for Science with some significant achievements and preparations for the future.

National Science Youth Forum Honours
Year 11 students Dongchan and Thomas have gone through a rigorous selection process and have been successful in their application to participate in the National Science Youth Forum. They will spend a few weeks during the upcoming Christmas holidays in Canberra ANU performing experiments of high scientific complexity, collaborating with like-minded students from all over the country and refining their STEM skills. In Thomas’s words “While participating in the National Youth Science Forum, I am looking forward to discovering more about future careers in the STEM fields. We are grateful to Beecroft Rotary Club for their continuing to support our elite students at Penno.”

Science Chemistry Awards
Fifteen Year 11 students undertook the Chemistry quiz for the first time this year. They were trained by Ms Leong at lunchtime in complex concepts of Chemistry. Congratulations to Dongchan who achieved a High Distinction, Claire, Leo, Patrick, Bridie and Rick who achieved a Distinction. Thank you to Ms Leong and the entire group of students for their commitment and passion in Chemistry, and their willingness to give up their recreational time to further pursue this passion.

Planning for 2018
Our dedicated teachers in the Science faculty have started their work in developing programs for the new syllabi for 2018 in Physics, Chemistry and Biology. They have been collaborating and brainstorming together to develop lessons that incorporate the STEM skills in the new syllabi as well as taking a closer look at the Depth Studies. Our teachers have participated in various courses offered by NESA, STANSW and Sydney University and are now bringing all the ideas together to develop the new programs.

Year 10 STEM Plans
Ms Leong and I are working closely with the teachers from TAS and Mathematics to design our first Year 10 STEM Science project for students who have high potential in Science in 2018. We spent three days at Sydney University this week, participating in the STEM Teacher Enrichment Academy, working and learning together. Conversations with University experts, scientists and direct discussions with Dr Karl was not only fascinating but enriching (see full write up on next page). It is always exciting to learn about the cutting edge research going on in various fields such as Genetics, Renewable Energy and Quantum Physics. The science teachers are working tirelessly to develop critical skills in students seeking STEM careers that won’t be replaced in future by robots. We encourage all students and in particular our female cohort, to consider selecting Physics and other challenging subjects such as Engineering Studies in the Preliminary and HSC Courses.

Preparations for the 2017 HSC
The HSC holiday study classes were very popular, with a huge turn out for both HSC and Preliminary Chemistry and Biology. In the evaluation sessions, our senior students requested to reduce the exam practice session to an hour but increase the feedback session by two hours. This reinforces the need and importance of our ability to provide constructive feedback in preparing our students for the HSC and dwell into deeper and more complex concepts. Thank you to all our dedicated teachers for attending these classes in the holidays.

Sohini Bhave, Head Teacher Science

OFFICE HOURS AND PAYMENT TIMES

The school office is open from 8.00am—3.45pm Monday to Friday (excluding Public Holidays) during school term. The payments window is open from 8.15am—2.00pm on school days only.
SYDNEY UNIVERSITY STEM ACADEMY

Last term, Mrs Bhave and I applied to attend the STEM Teacher Enrichment Academy, run by Sydney University. Each year, the University selects 12 schools across NSW to be part of the academy and to work with them to develop STEM education. Our application was successful, resulting in the school STEM team going to the University earlier this week and working on campus for three days with both representatives from the University and the other 11 schools selected.

To quote from the Academy website “The STEM Teacher Enrichment Academy provides teachers with knowledge, skills, resources and support to make real change in their classroom teaching. It inspires teachers to pursue their interests in science, mathematics and information technology, and to pass on that inspiration to their students.”

On the first day, our team were involved in ice breaking activities that focused on interdisciplinary project ideas across the Science, Maths and Technology faculties.

Throughout the course, teachers worked in their teams to develop transdisciplinary projects to run at their schools. We heard from some of last years STEM Academy schools on what they achieved with teachers participating in cross discipline sessions as well as networking with the University postgraduates and teachers from a large variety of schools.

A highlight was a lecture and follow-up Q&A with well know Australia Radio and TV science communicator, populariser, author and science expert Dr Karl Kruszelnicki. Dr Karl spent time talking to the our STEM teachers. Mr Antoon was particularly happy that his lifelong question of “are Dentists Doctors?” was answered for him. If anyone would like to know the answer to this also, please ask Mr Antoon to explain!

Dr Karl also signed a copy of his latest book, which he donated to our school library, and expressed interest in running a Skype session with our STEM students in the future.

Well done to our STEM team consisting of: Ms Bhave, Mr Gill, Mr Antoon, Mr Cterteko and Ms Leong, who worked tirelessly in the pursuit of STEM excellence over the 3 days. Everything learnt and planned will be appearing in a Pennant Hills High School classroom in the near future.

Brad Wilson, Head Teacher Industrial Arts (Relieving) and member of the STEM Team
CHANGING YOUR DETAILS?
HELP US KEEP IN TOUCH.

Are you changing jobs, moving house, changing phone number/s (including home, work and mobile) or email address/es?

Please make sure your details are up to date so we can contact you with important information or when your child needs you.

• Change of Details forms are available for collection (by students, parents or caregivers) from Student Reception; or
• Email the school with the new details.

A current primary email address is very important to ensure you receive emails sent between school and home.

We thank you for your assistance.

STUDENT ABSENCES

There are many sound reasons, including illness and family emergencies, why students may not be able to attend school on occasions.

The Department of Education (DoE) requires that all valid absences be supported by written advice from a parent or caregiver within seven days of the student’s return to school. We are required to record as unjustified any absence not supported by a note from a parent or caregiver.

If your child is going to be absent from school for any reason, please phone the office as soon as possible to let us know and, most importantly, follow up with a note on your student’s first day back at school.

Your cooperation will assist us in encouraging appropriate patterns of student attendance.

CHEMISTRY EXCURSION REPORT

On 8 November 2017, I and many other Chemistry students hopped on a bus heading to the Orchard Hills Water Filtration Plant, excited about what was to come. Needless to say, it was an educational, fun and certainly interesting excursion for our 3 classes. We came to the Orchard Hills Water Filtration Plant to assist us in our upcoming exam, as it briefly features Chemical Monitoring and Management. We experienced many exciting moments throughout our excursion. From learning how unsanitary raw water becomes the fresh, clean water we use in our everyday lives, to having a tour around the plant discovering what chemicals are put into our water in order to make it as fresh as it is. After our tour and a quick recess break, we hopped on our bus and headed for the St Marys Water Recycling Education Centre, hungry for more knowledge. There we were shown videos on membranes that would catch even the tiniest of microbes, and even carried out our own scientific investigation in order to discern the origins of the water. After that, we headed back to school, with the information we had learned from this excursion, ready and prepared for our exams.

Max, Year 11 Student

Thank you to Mrs Gill for organising and attending this valuable excursion. Our students greatly benefitted from interacting with the various instructors.

MMB AT SCHOOLS SPECTACULAR

Congratulations to the following students for their brilliant performances in the Millennium Marching Band (MMB) at the Schools Spectacular - Own the Moment event last weekend:
Year 7: Lucy; Year 8: David and Evelyne; Year 9: Eamon; Year 11: Sophie and Tabitha; and Year 12: Kalindi.
LIBRARY NEWS

Busy times in the library this term with our first stocktake using the Oliver library system. We are continuing to modify our spaces to create new teaching and learning areas for our students.

What’s been popular this month?

Best wishes for the holiday season – don’t forget to #Readwithaview!

Merise Feneley, Teacher Librarian (Relieving)
**Off with the Birds**
Year 10 studied how birds had been depicted in Visual Arts - in particular the work of Fiona Hall. She created a series exploring how insecticides and pollutants are killing birdlife. The aim of this unit was for the student to make a comment on the death of our birdlife. In a sketch the students had to combine a common household cleaner container with their chosen bird trying to relate the form of the bottle and the bird. They created the form in clay using the coil technique, which they built up and incised into, to add the details of beaks, eyes, wings with the text and patterns of the bottle etc. It was then fired and painted with colourful glazes. The completed birds were exhibited in the Annual CAPA Festival and later in the Visual Arts foyer with the common household bottles.

**Modernist Painting**
Year 11 have recently completed a ‘still life on a still life’ painting unit. They started by learning about how still life artworks had developed from a realistic representation to being abstract stylised images. They had to take a series of photographs at home of still life arrangements of objects and food from the kitchen for their subject matter. They selected the best composition to transfer as a painting onto a suitable kitchen object eg. a plate, chopping board or mug. They chose a Modernist painters’ artwork to influence their technique, paint application and colours. Year 11 produced very engaging artworks and learnt a lot about still life as a genre.

**I'm in the Archibald**
Earlier in the year, Year 10 Visual Arts went to the Art Gallery of NSW to see the Archibald Exhibition as research for an artwork piece. Each student had to select an image that they admired, research the intentions of the artist and then replace the main sitter with an image of themselves in the same pose. They painted the portrait on canvas board using the same background, colours and paint application as the original artist used. This teaches them new painting techniques and is more interesting than merely copying the work. For added interest they had to add a 3D object into the work.

**END OF YEAR CONCERT**
Pennant Hills High School’s
Concert Band 1, Concert Band 2
Big Band, Junior Stage Band,
String Ensemble and Choir

Invite all students, parents and caregivers to our
End of Year Concert
On Wednesday 13 December 2017
From 7.30pm – 9.00pm in the MPC

**SCHOOL BLAZERS WANTED**
Do you have a school blazer that your child no longer needs? Our Band Administrator Anne Bassett, would be happy to put you in touch with parents wishing to purchase a blazer.

Please contact Anne if you are able to help.
anne.bassett@det.nsw.edu.au
SPORTS SHORTS…

Footy and Fitness Training
Mr Williams is holding footy and fitness training sessions on a Thursday morning at 7.30am. All ages are welcome to join.

Changes to the Department of Education’s Sport Policy
From Term 1 2018, it will no longer be compulsory for Year 11 students to participate in Sport on Thursday afternoons and as such, the following procedures will be implemented:

- Senior students who elect not to do sport are required to wear full school uniform and will be permitted to leave school at 12.30pm.
- Year 8 students will participate in Interschool/Grade sport along with Years 9 and 10. They will be required to wear their sport uniform to school and will be dismissed at 2.30pm each Thursday.

More information has been emailed to families regarding the selection process and relevant costs.

Valmé Kruger
Sport Coordinator

BYOD and PDHPE
During PDHPE lessons students’ BYOD devices will be kept secure in the PE storeroom.
Students must bring their devices to the storeroom at the start of the lesson.

James Boyer, Head Teacher PDHPE

A reminder to all Year 12 students, parents and caregivers that Pathways 2 Uni provide FREE professional, transparent and unbiased student counselling and advice to help guide them through a range of pathway program options into universities and colleges.

The service is FREE to all Australian and International students.

Contact through the website pathways2uni.com.au or visit in person the Sydney CBD office any time from now until March next year.
Rotary Club of Beecroft Carols
Monday 11th December 2017

The Northern Sydney Youth Orchestra (NSYO) is inviting young musicians to join its Symphony Orchestra, Wind Ensemble & String Orchestra. Our youth orchestras rehearse weekly at Beecroft on Wednesdays.

From July 4th-15th, 2018, NSYO will take a 10-day European tour to Vienna, Salzburg & Prague and will be participating in the Summa Cum Laude International Youth Music Festival.

If you play winds, strings or percussion, we are auditioning new members to join in Term 4, in time to join our tour.

Auditions will be held Wednesday 6th December between 4pm – 6pm at the Beecroft Presbyterian Church Hall, Mary St, Beecroft.

For details, please feel free to contact info@nsyo.org.au

You may fill out our online application form at
http://www.nsyo.org.au
